2026 Dayton Modelrama is shaping up to be our largest show. As of today, (2/1/2026) nearly 80% of our tables are booked. This is important because we are approximately 45 days out from the show. At the 2025 show with 45 days remaining, 105 table reservations came in, and in 2024 we had 100 table orders placed. If history repeats itself, we'll run out of tables this year. If you have plans on securing a table, I encourage you to do it now. The reservation process is explained later in this document.

Dayton Modelrama will take place on March 20th and the 21st at the Montgomery County Fairgrounds in Dayton, OH. For those of you who have not attended, our two-day R/C Expo is housed in two buildings and features 42,000 square feet containing all things RC (both new and used). For the past four years we've sold over 350 tables at each event (370 last year). ***A giant auction will follow the show on Saturday afternoon***, so if your merchandise doesn't sell at your table, you can choose to place your items in the auction!

There are two groups of people I would like to speak to, if you're looking to find great deals, Dayton Modelrama is the perfect event to find all things RC. You'll find thousands and thousands of new and used items. You'll find everything from complete models to parts and pieces, building supplies etc. In addition, we'll have a number of distributors showcasing their latest merchandise.

To the group looking to clear out their hanger, Dayton Modelrama is the perfect venue, large crowds assure activity at your table. Your second consideration for renting tables is the value proposition. I'm going to use the example of a modeler renting a two-day interior table, your table rents for \$28. Table rental includes your two-day entrance fee (\$10 each day) leaving your table cost at \$8 with access to a lot of buyers.
